Joyoshare HEIC Converter 2.0.1.16 With Patch

1/4

## Introduction

Thank you for installing Pixillion.

Pixillion image file conversion software is an image format converter for Windows and Mac OS X. It can convert image files between bmp, jpg, png, psd and more. Before converting your file, Pixillion allows you to view the image within the application and displays the current file parameters.

With Pixillion you can quickly and easily convert your image files into formats you need to host on web sites, reduce file size for sending via email or storing on a CD as well as quickly convert to the image format needed for other software applications.

### **Features**

- · Loads a variety of different image file formats.
- Quickly converts to a variety of output formats.
- Allows drag and drop of both files and folders.
- Supports command line tool.
- Allows watermark and text effects to be added to your images.
- · Simple and intuitive interface.
- Designed to be very easy to use for day-to-day operation.

### System Requirements

Windows XP / 2003 / Vista / 2008 / 7 / 8 / 10
